

HEALTH AND SAFETY POLICY

Drop off and collection

1. Parents and carers are responsible for their children at drop-off in all waiting areas/changing areas until the studio doors open and the teacher welcomes the group inside the studio.
2. At collection, SKBS adopts a 'see and release' policy - teachers will only 'release' students from their care once a parent or carer has been seen.
3. Should older students be making their own way home, parents must notify us of any new arrangement in advance to confirm that they are happy for us to let the student leave the premises unaccompanied.

Health

4. All SKBS have current First Aid Training.
5. Teachers will call for an ambulance in the event of a medical emergency.
6. Parents/carers must provide details of any relevant medical conditions and/or allergies.

Code of Conduct

7. Courteous and respectful behaviour is expected from all participants within the SKBS community, including students, parents and friends. SKBS reserves the right to decline service should the above expectations not be met.
8. SKBS believes that it is in the best interests of the students to attend one dance school, for consistency of training. If a student wishes to study a style which SKBS does not offer, parents are asked to inform the Principal as a matter of courtesy. Ballet training is to be undertaken solely at SKBS should students wish to enter RAD Examinations under the school's name.
